

47th Annual

SNOWBIRD CME CONFERENCE

August 9-11, 2023, Snowbird, Utah

Abstracts for poster presentations are now being accepted for the 47th Annual Snowbird CME Conference to be held at the Snowbird Center, Utah, August 9-11, 2023. Clinicians, students and faculty at all levels of clinical practice and academia are encouraged to submit abstracts describing creative, practice-based projects related either to acute or primary patient care.

Abstracts will be selected by a competitive peer-reviewed process according to the following criteria: (a) uniqueness, (b) organization, (c) significance to quality patient care, and (d) implications for primary care practice. Topics for submission will be considered in the areas specific to research, evidence based practice, health care policy as well as the theoretical and concept analysis.

Those participants presenting posters are eligible to win free registration for the following year's conference. Scores from the peer review process will be combined with votes of conference participants for best poster; the presenter with the highest score will receive free registration for the 47th Annual Snowbird Conference (in 2023).

General information

Submission deadline

Abstracts must be submitted by email and received by Friday, April 7, 2023 by 5 PM. Acknowledgment that materials arrived on time will be sent via email.

Conference registration

Individuals whose posters are selected must be in attendance at the time of presentation. Registration fees for the conference will be waived for the day of presentation only, for individuals selected to present. Online registration information is available at <http://www.snowbirdcme.org> Presenters whose abstracts are accepted will be notified, at the earliest, by Friday, April 21, 2022. Requirements for final preparation of the poster will be made available at that time as well as the specific date and times of presentation.

Abstract preparation

Please note: Only those submissions complying with the following will be reviewed. All completed applications received by the stated deadline will be independently reviewed by the Program Committee and UNP volunteers.

The following content areas should be addressed (a) purpose and/or objectives of the project, (b) description and results of the project, and (c) conclusions/implementations for practice.

Required format

Abstracts will include a title page and the body of the abstract will be accepted in Word (.doc) or Rich Text (.rtf) file format and shall consist of (1) a title page and (2) an abstract

The title page shall include the following information centered, single-spaced on one (1) 8 1/2" x 11" page with the 1) title, in bold words, "Clinical Poster Abstract, 2) title of the abstract, and 3) names of the presenter with degrees, credentials, and 4) contact information for primary Author Presentor with phone number and email address.

Abstract body

- Format of Abstract: the length of the main abstract body shall not exceed 400 words excluding the title and author information and will appear single-sided on one (1) 8 1/2" x 11" page.
- Margins: use only the following margin: top 0.375" bottom 0.5" left 1.25" and right 1.25"
- Typestyles: use letter quality 12-point size type. The preferred typeface is Times new Roman but others will be accepted.
- Titles: Abstract titles should be centered and in uppercase letters and may not exceed 100 characters.
- Authors: Cite the author(s) name, degrees, and credentials. All individuals involved in the study must be listed. Body of the abstract including the specific elements outlined in the selection criteria are to be included on page 2 of the Abstract

Submission

Abstract shall be submitted via email as an attachment to Clinical Poster Submissions 43rd Snowbird CME conference, in the Subject line, put "Abstract" and email to info@snowbirdcme.org
